

# ISO-ACTIVE

rehydrates your body

MP3 ISO-ACTIVE is a refreshing isotonic thirst quencher, which rapidly replenishes fluid- and mineral levels and prevents diminishing performance levels caused by a lack of fluids. Because of its isotonic characteristics, fluids are absorbed faster in the body. Extra minerals create a proper balance of fluids in various parts of the body, such as the muscles, which allows you to exercise safely for longer periods. Drink 1 bottle of MP3 ISO-ACTIVE every 30 or 60 minutes, depending on the intensity of the exercise and weather conditions. Available in two flavours: lemon and orange.

# SPORTWATER

hydrates your body

MP3 SPORTWATER is refreshing sports water, based on balanced spring water which rapidly restores the loss of fluids and minerals. MP3 SPORTWATER is suitable for any sports person. During training a rapid decrease in fluids and minerals occurs. For optimal results it is important to replenish them as soon as possible. Drink MP3 SPORTWATER during exercise. Also available in a refreshing lemon flavour.

# BURNER

work out and lose it

1000 mg  
L-Carnitine

MP3 BURNER is a low-calorie L-carnitine drink, which makes your body burn fat as a source of energy rather than carbohydrate deposits. The high L-Carnitine content (1000 mg per bottle) makes MP3 BURNER a very efficient ally during weight-loss. It is a ready-made drink for before and after exercise.

Available in six delicious flavours: Cherry, Pineapple, Lemon, Mexican Feige, Grapefruit and Iced Tea lemon.

MP3 Burner Mexican Feige also contains extra caffeine for the rapid mobilisation of fats during exercise to give you an extra energy boost and increase concentration.

# CARBO

fuels your body

100 g  
carbo-  
hydrates

MP3 CARBO is a high-quality energy drink based on simple- and complex carbohydrates. One 500 ml bottle yields no less than 100 grams of pure carbohydrates. MP3 CARBO replenishes your glycogen reserves during training. This makes it the ideal energy drink for endurance- and strength sports. When you need extra energy drink the ready-made MP3 CARBO before, during, or immediately after training. Available in 4 refreshing flavours: Strawberry-banana, Red multi fruit, Lemon-lime-white grape and Orange.

# AMINODRINK

regenerates your body

MP3 AMINODRINK is a ready-made protein/carbohydrate drink, which quickly replenishes energy reserves and promotes recovery. Its unique protein blend stimulates a faster production and recovery of muscular tissue. Moreover, MP3 AMINO-DRINK is low-fat, which makes it a perfect diet supplement. Drink 1 bottle of MP3 AMINODRINK 30 minutes to one hour after exercise.
